### **Company Overview**

---

Coreio Inc. is a leading Toronto-based IT services provider that delivers IT Infrastructure and Operations solutions for enterprise-scale companies across North America. We build on our 35-plus year history as a strategic partner, and apply our experience as in-house IT experts, to help our clients solve complex business and technology issues, so they can focus on what they do best. Visit [www.coreio.com](http://www.coreio.com) for more information.

### **Scope of Position**

---

We are looking for Business Analysts for Win10 Migration/Rollouts for our Clients primarily in the Greater Toronto Area, some with travel to Ottawa and Quebec. We need teams to provide governance, reporting and technical direction to our Clients for applications and infrastructure to support a Win10 rollout. The team will be responsible for sharing their deep technical knowledge and managerial expertise with our Clients. Our consultants are managed by a Coreio Practice Executive through their engagement, every step of the way.

The Business Analyst would be responsible for project documentation and analysis as well as liaising between the client and Coreio's project team.

### **Skills & Qualifications**

---

- 4 year Bachelor's degree, ideally B.Sc., B. Eng., or Comp. Sci.
- 5 years of BA experience
- 10 years of IT experience
- Previous experience migrating applications
- Knowledge of IT infrastructure
- Extensive knowledge of Windows 10, Windows 7
- Familiarity with Intel Kaby Lake chipset

**Please note, we are building a full Win10 Migration Team, including Project Managers and Technical Consultants. If you know anyone that may be interested please direct them to our other postings!**
